Simenon penned Dirty Snow in 1948 during the early part of his 10-year self-exile in the US after fleeing post-War Europe. During this period he had already written over 20 Maigret books, but Dirty Snow represents a much darker tendency. His romans durs are very distinct from the charming quaintness of the Maigret mysteries.

“One of the greatest writers of the twentieth century . . . Simenon was unequalled at making us look inside, though the ability was masked by his brilliance at absorbing us obsessively in his stories.” —The Guardian In this brilliant new translation of Georges Simenon’s classic novel, a young man descends into a brutal world of crime “And always the dirty snow, the heaps of snow that look rotten, with black patches and embedded garbage . . . unable to cover the filth.” Nineteen-year-old Frank—thug, thief, son of a brothel owner—gets by surprisingly well despite living in a city under military occupation, but a warm house and a full stomach are not enough to make him feel truly alive in such a climate of deceit and betrayal. During a bleak, unending winter, he embarks on a string of violent and sordid crimes that set him on a path from which he can never return. Georges Simenon’s matchless novel is a brutal, compelling portrayal of a world without pity; a devastating journey through a psychological no man’s land.

Nineteen-year-old Frank Friedmaier lives in a country under occupation. Most people struggle to get by; Frank takes it easy in his mother’s whorehouse, which caters to members of the occupying forces. But Frank is restless. He is a pimp, a thug, a petty thief, and, as *Dirty Snow* opens, he has just killed his first man. Through the unrelenting darkness and cold of an

endless winter, Frank will pursue abjection until at last there is nowhere to go. Hans Koning has described Dirty Snow as “one of the very few novels to come out of German-occupied France that gets it exactly right.” In a study of the criminal mind that is comparable to Jim Thompson’s *The Killer Inside Me*, Simenon maps a no man’s land of the spirit in which human nature is driven to destruction—and redemption, perhaps, as well—by forces beyond its control.

York; a woman, no less lonely, perhaps even more desperate than the man: they meet by chance in an all-night diner and are drawn to each other on the spot. Roaming the city streets, hitting its late-night dives, dropping another coin into yet another jukebox, these two lost souls struggle to understand what it is that has brought them, almost in spite of themselves, together. They are driven—from moment to moment, from bedroom to bedroom—to improvise the most unexpected of love stories, a tale of suspense where risk alone offers salvation. Georges Simenon was the most popular and prolific of the twentieth century's great novelists. *Three Bedrooms in Manhattan*—closely based on the story of his own meeting with his second wife—is his most passionate and revealing work.

'I doubt whether it is possible for the crime novel to rise to greater heights than it does in Simenon's hands here' H.R.F. Keating

“One of the greatest writers of the twentieth century . . . Simenon was unequalled at making us look inside, though the ability was masked by his brilliance at absorbing us obsessively in his stories.” —The Guardian In this Georges Simenon classic, a Dutch clerk flees to Paris with his crooked boss's money and meets the woman behind the man “A certain furtive, almost shameful emotion . . . disturbed him whenever he saw a train go by, a night train especially, its blinds drawn down on the mystery of its passengers.” Kees Poppinga is a respectable Dutch citizen and family man—until the day he discovers his boss has bankrupted the shipping firm he works for, and

something snaps. Kees used to watch the trains go by on their way to exciting destinations. Now, on some dark impulse, he boards one at random, and begins a new life of recklessness and violence. *The Man Who Watched the Trains Go By* is a chilling portrayal of a man who breaks from society and goes on the run asks who we are, and what we are capable of.

Newly translated for this edition. A young Frenchman, Joseph Timar, travels to Gabon carrying a letter of introduction from an influential uncle. He wants work experience; he wants to see the world. But in the oppressive heat and glare of the equator, Timar doesn't know what to do with himself, and no one seems inclined to help except Adèle, the hotel owner's wife, who takes him to bed one day and rebuffs him the next, leaving him sick with desire. But then, in the course of a single night, Adèle's husband dies and a black servant is shot, and Timar is sure that Adèle is involved. He'll cover for the crime if she'll do what he wants. The fix is in. But Timar can't even begin to imagine how deep. In *Tropic Moon*, Simenon, the master of the psychological novel, offers an incomparable picture of degeneracy and corruption in a colonial outpost.

"One of the greatest writers of the twentieth century . . . Simenon was unequalled at making us look inside, though the ability was masked by his brilliance at absorbing us obsessively in his stories." —The Guardian Master novelist Georges Simenon's critically acclaimed tale of the destructive power of lust and guilt "He felt no resentment towards Andree for biting his lip. place." For Tony and Andree, there are no rules when they meet in the blue room at the Hotel des Voyageurs. Their adulterous affair is intoxicating, passionate—and dangerous. It soon turns into a nightmare from which there can be no escape. Heart-pounding and high-stakes, *The Blue Room* is a stylish and sensual psychological thriller that weaves a story of cruelty, reckless lust, and relentless guilt.

The first English publication of Georges Simenon's compelling novel about summer escape and elusive obsessions. 'The island itself. Its throbbing heat as if in a belljar under the sun, the scorpion in his son's bed, the deafening sound of cicadas' During his first holiday on the island of Porquerolles Dr Mahé caught a glimpse of something irresistible. As the memory continues to haunt him, he falls prey to a delusion that may offer an escape from his conventional existence - or may destroy him. This is the first English translation of *The Mahé Circle*, Simenon's dark, malevolent depiction of an ordinary man trapped in mundanity and consumed by obsession. 'Compelling, remorseless, brilliant' John Gray 'One of the greatest writers of the twentieth century . . . Simenon was unequalled at making us look inside, though the ability was masked by his brilliance at absorbing us obsessively in his stories' Guardian 'A supreme writer . . . unforgettable vividness' Independent
