In Team Rodent: How Disney Devours the World, Hiaasen paints a witty and sarcastic portrait in this nonfiction account of a company who can control the press, manipulate local governments, and because it's Disney, get away with it. Team Rodent is a quick, entertaining read that even the most loyal Disney shareholder (except maybe Michael Eisner) will find enlightening and amusing.

Team Rodent : How Disney Devours the World: Hiaasen, Carl ...

In "Team Rodent: How Disney Devours the World", Florida native and writer, Carl Hiaasen, presents a detailed, witty, and, at times, straight-up relentless literary assault on the Walt Disney corporation, including its CEOs, press puppets, and its accompanying attractions such as Disney's theme parks and family cruises.

Disney resort seems like a verdant sanctuary. That was the plan, of course—Team Rodent left the park buffered with thousands of unspoiled acres, to keep the charmless roadside schlock at bay. As Orlando exploded, business leaders (and therefore politicians) throughout the rest of Florida watched and plotted with envy.

"Disney is so good at being good that it manifests an evil; so uniformly efficient and courteous, so dependably clean and conscientious, so unflaingly entertaining that it's unreal, and therefore is an agent of pure wickedness. . . . Disney isn't in the business of exploiting Nature so much as striving to improve upon it, constantly fine-tuning God's work." --from TEAM RODENT TEAM RODENT How Disney Devours America "Revsulsion is good. Revulsion is healthy. Each of us has limits, unarticulated boundaries of taste and tolerance, and sometimes we forget where they are. Peep Land is here to remind us; a fixed compass point by which we can govern our private behavior. Because being grossed out is essential to the human experience; without a perceived depravity, we'd have nothing against which to gauge the advance or decline of culture; our art, our music, our cinema, our books. Without sleaze, the yardstick shrinks at both ends. Team Rodent doesn't believe in sleaze, however, nor in old-fashioned revulsion. Square in the middle is where it wants us all to be, dependable consumers with predictable attitudes. The message, never stated but avuncularly implied, is that America's values ought to reflect those of the Walt Disney Company, and not the other way around." **BONUS:** This edition includes an excerpt from Carl Hiaasen's Bad Monkey.

" ... a critical account of how the Disney Co. has used--and also abused--its governmental immunities from the beginning of Disney World to the present ..."--Jacket.

The "Miami Herald" columnist shares his best comic work, covering everything from sports and tourism to corruption in local politics, the Elian Gonzalez affair, and the 2000 presidential election recount.

From the New York Times bestselling author comes a novel in which dicated, if somewhat demented, environmentalists battle sleazy real estate developers in the Florida Keys. "Rips, zips, hurtles, keeping us turning the pages at breakfinger pace." --New York Times Book Review When the precious clue-tongued mango voles at the Amazing Kingdom of Thrills on North Key Largo are stolen by heartless, ruthless thugs, Joe Winder wants to uncover why, and find the voles. Joe is lately a PR man for the Amazing Kingdom theme park, but now that the voles are gone, Winder is dragged along in their wake through a series of weird and lethal events that begin with the sleazy real-estate agent/villain Francis X. Kingsbury and can end only one way....

This thought-provoking and timely book from a #1 New York Times bestselling novelist and noted child psychologist reveals the factors that often lead to explosive and shocking juvenile violence. "Ethically and morally, kids are works in progress. Throw in psychopathy and you've got a soul that will never be complete." In this powerful, disturbing book, bestselling author and noted child psychologist Jonathan Kellerman shines a penetrating light on antisocial youth--kids who kill without remorse--asserting that "psychopathic tendencies begin very early in life, as young as three, and they endure." Criticizing our quick impulse to blame violent movies or a "morally bankrupt" society, Kellerman convinces us that it is the kids themselves who need to be examined. Carefully. How do children become cold-blooded killers? Kellerman warns that today's aggressive bully is tomorrow's Mafia don, cult leader, or genocidal dictator. Violently psychopathic youths possess an overriding need for power, control, and stimulation, and all display a complete lack of regard for the humanity of others. He examines the origins of psychopathy and the ever-shifting debate between nurture and nature, offering some controversial solutions to dealing with homicidal tendencies in children. As timely as today's headlines, more gripping than fiction, *Savage Spawn* is a provocative look at the links between society and biology, children and violence. Kellerman's sobering message will remain with you long after the last page is turned. **BONUS:** This edition includes an excerpt from Jonathan Kellerman's *Guilt*.

Originally drawn to the game by his father, Carl Hiaasen wisely quit golfing in 1973. But some ambitions refuse to die, and as the years--and memories of shanked 7-irons faded, it dawned on Carl that there might be one thing in life he could do better in middle age than he could as a youth. So gradually he ventured back to the dreaded driving range, this time as the father of a five-year-old son--and also as a grandfather. "What possesses a man to return in midlife to a game at which he'd never excelled in his prime, and which in fact had dealt him mostly failure, angst and exasperation? Here's why I did it: I'm one sick bastard." And thus we have Carl's foray into a world of baffling titanium technology, high-priced golf gurus, bizarre infomercial gimmicks and the mind-bending phenomenon of Tiger Woods; a maddening universe of hooks and slices where Carl ultimately--and foolishly--agrees to compete in a country-club tournament against players who can actually hit the ball. "That's the secret of the sport's infernal seduction," he writes. "It surrenders just enough good shots to let you talk yourself out of quitting." Hiaasen's chronicle of his shaky return to this bedeviling pastime and the ensuing demolition of his self-esteem--culminating with the savage 45-hole tournament--will have you rolling with laughter. Yet the bittersweet memories of playing with his own father and the glow he feels when watching his own young son belt the ball down the fairway will also touch your heart. Forget Tiger, Phil and Ernie. If you want to understand the true lure of golf, turn to Carl Hiaasen, who offers an extraordinary audiobook for the ordinary hacker. **BONUS:** This edition includes an excerpt from Carl Hiaasen's *Bad Monkey*.

A pop-science journey into the surprising ingredients found in most common packaged foods Like most Americans, Steve Ettlinger eats processed foods. And, like most consumers, he didn't have a clue as to what most of the ingredients on the labels mean. So when his young daughter asked, Daddy, what's polysorbate 60?, he was at a loss and determined to find out. From the phosphate mines in Idaho to the oil fields in China to the Hostess factories and their practices, Twinkie, Deconstructed demystifies some of the most common processed food ingredients, where they come from, how they are made, how they are used, and why. Beginning at the source (hint: they're often more closely linked to rock and petroleum than any of the four food groups), we follow each Twinkie ingredient through the process of being crushed, baked, fermented, refined, and/or reacted into a totally unrecognizable goo or powder, all for the sake of creating a simple snack cake. An insightful exploration of the modern food industry, if you've ever wondered what you're eating when you consume foods containing mono- and diglycerides or calcium sulfate (the latter a food-grade equivalent of plaster of paris), this book is for you. Consequently, as Hostess plans to permanently close its doors in 2012, this book will provide a relevant guide into the practices of one of the biggest companies of all time.

"Since its opening in October 1971, Walt Disney World has continued to expand and evolve as the most visited vacation resort in the world. What hasn't changed over five decades is the incomparable sense of magic it bestows on all who pass through the arched entrance gates. Disney World at 50 is a celebration of the park's rich and fascinating history, from its early development as "The Florida Project" to the ever spectacular present. Explore Walt's original utopian vision, the most incredible feats by Disney's Imagineers, and each of the individual theme parks. Featuring historic coverage and over 100 photos from the Orlando Sentinel archives, the commemorative edition is a visually stunning chronicle of the place where dreams come true." --

"A Houston lawyer's attempt to escape the rat race backfires with hilarious results in Davis's thoroughly enjoyable debut crime novel" (Publishers Weekly). Reveling in outrageous shenanigans and hilariously off-kilter characters, Shovelng Smoke does for East Texas what Carl Hiaasen's novels do for South Florida. Burned-out corporate lawyer Clay Parker chucks it all and moves from Houston to a tiny firm in a dusty small town, searching for his lost integrity and a simpler life. Instead, he lands in the middle of a bungled fraud case defending the disreputable and downright nasty Bevo Rasmussen, accused of torching the stables housing his over-insured thoroughbreds. Immediately confronted with corrupt officials, crazed survivalists, an incompetent hit man, an emu, and a naked county clerk, along with an assortment of vengeful wives and great barbecue, Clay discovers that nothing about his case--or in East Texas--is what it seems.

Desperate to compete with the newly opened Walt Disney World Resort, Miss Thelma Foote struggles to deal with the lack of business at Weeki Wachee Springs, while coping with the constant repairs, bills, and mischievous "mermaids," but everyone's luck takes a turn for the better when Delores Walker arrives from the Bronx to pursue her long-time dream of becoming a mermaid.
