Award-winning designer and author Lori Dennis proves interior design can be both stylish and environmentally sustainable in this easy-to-use, entertaining guide. Dennis discusses every aspect of interior design—furniture and accessories, window treatments, fabrics, surface materials, appliances, plants, and more—from a green perspective in terms of reducing waste and pollution and turning a home into a healthy, comfortable environment. Readers will learn how to: - use sustainable materials like bamboo, cork, and recycled glass to enhance interiors - search thrift shops and antique stores for vintage hidden treasures - find the best vendors for purchasing green products - use plants and locally cut flowers to improve indoor air quality and brighten up rooms - replace lawns with indigenous plants and edible gardens - keep rooms clean with effective and nontoxic products - use energy efficient lighting and maximize natural light - apply for different types of green certification. Packed with over 100 color photographs, lists of the best green vendors, and profiles of leading green designers, this book is a thorough guide for anyone who wants to create beautiful interiors while lessening the waste and pollution generated by the building industry. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books

In publications such as BusinessWeek and Fast Company, the media have celebrated Whirlpool's transformation into a leading-edge innovator and Nancy Tennant Snyder's role as chief innovation officer. Ten years after this remarkable transformation, Unleashing Innovation tells the inside story of one of the most successful innovation turnarounds in American history. Nancy Tennant Snyder and coauthor Deborah L. Duarte reveal how Whirlpool undertook one of the largest change efforts in corporate history and show how innovation was embedded throughout the company, which ultimately lead to bottom-line results.
